Mingo Furnaces to Blow In.

It is authoritatively stated, says the
Steubenville Star, that the Mingo blast

George Bates and a force of bricklay-

will complete the repairs in about ten
days. The board of trade of Mingo has
taken an option on the Belle Massey

Aid for Cuba.

The Cuban Junta, of New York, has
written to Mayor George Barr, of Mar-
tin's Ferry, asking him to send a list
of the names of prominent citizens,
with a view of organizing a branch
in Martin's Ferry to assist the insur-
gents, who are struggling for indepen-
dence. It will be easier and less dan-
gerous to render substantial aid by
this means than going to Cuba to
fight and also be exposed to smallpox,
fevers, etc.

PUBLIC AFFAIRS.

A Benwood Man Arrested Here
For Contempt of Court.

HE REFUSED TO PAY ALIMONY

As Ordered by the Marshall County Cir-
cuit Court—A Benwood Criminal Extra-
dited to Ohio from Wheeling—Council
Committees Organized—City Council to
Meet This Evening—Dana Geyer Sen-
tenced to Two Years' Imprisonment.

Yesterday at the instance of Judge
Hervey, of Part I of the circuit court,
Leo Lineberger, of Benwood, was ar-
rested by a deputy sheriff and confined
in the county jail. Lineberger's wife
secured a divorce in the Marshall coun-
ty circuit court and Lineberger was
ordered to pay alimony. This he
refused to do and his arrest in this city
yesterday was the result. He was
taken to Moundsville in the afternoon
by Deputy Sheriff Cunningham, of Mar-
shall county, where he will make his
headquarters until he comes to a real-
izing sense of what a court edict means.

Receiver Appointed.

Yesterday in Part I of the circuit
court, Judge Hervey on the bench, ap-
pointed a receiver for the
Wheeling Saddle Company entered by
G. W. Hatch, R. P. Robb, A. B. Robb,
H. C. Robb, T. V. Lee and W. J. Yanda,
stockholders of the concern, was
heard and decided in favor of
the cashier of the Bank of the
Ohio Valley, who is given the usual
powers to continue the business, buy
supplies, etc. The cause of the receiver-
ship is said to be poor collections. The
bond of the receiver was placed at \$5,000,
which was furnished by Colonel Miller,
with E. M. Atkinson as surety. The
assets are claimed to be \$13,000 and the li-
abilities are given at \$6,000.

An Oil Case.

In the case of the Oil Well Supply
Company, of Pittsburgh, vs. Haskins,
Russell, Isham & Company, the amount
of the judgment was increased \$230 in
addition to the judgment of \$600—al-
ready given in Part I of the circuit
court.

Taken to Belleaire.

Dick Davis, of Belleaire, who was re-
cently arrested in this city on the charge
of assault on his wife, and who refused
to go back to Ohio without the formal-
ity of a requisition, was taken to Belle-
aire yesterday by Marshal Bayra, the
requisition papers issued by Governor
MacCorkle having arrived. At Belleaire
Davis waived the preliminary examina-
tion and was sent to jail at St. Clairsville
to await the action of the grand jury.

Dana Geyer Sentenced.

Yesterday in the criminal court, Judge
Hugus on the bench, Dana Geyer, the
young man found guilty of obtaining
merchandise under false pretences
while an employee of the Joseph Speidel
Grocery Company, was sentenced to two
years imprisonment in the state peni-
tentiary at Moundsville. Colonel Arnett,
counsel for Geyer, asked for a stay of
execution until June 10, which was
granted, and Geyer was remanded to
jail.

R. L. Lowery, convicted of forgery,
was to have been sentenced, but on ac-
count of the absence of his attorneys,
this was deferred until to-day. It is
thought Lowery will get at least three
years.

Fire Department Committee.

The council committee on fire depart-
ment met last night and audited bills
aggregating \$299.49.

It is Dangerous.

According to the judgment of an old
bridge builder, the Market street creek
bridge, in its present condition, is not
safe; that is, for heavy traffic, and he
says the truth of his statement will be
demonstrated some day, when the
bridge tatters down into the creek,
probably carrying with it a loss of life.
He claims the shore anchors are almost
entirely rotted, and that the bridge it-
self is considerably below camber, a fact
which denotes the loosening of the sup-
ports. In his opinion, the bridge is
fraught with danger, as it is now and
he thinks an examination of the struc-
ture should be made by the board of
public works.

For Street Cleaning.

Messrs. Van Keuren and McCoy, of
the board of public works, had a con-
ference yesterday afternoon and decid-
ed to institute more vigorous measures
in the cleaning of the public thorough-
fares. It was decided to call in the as-
sistance of the water works, and clean
the streets by the use of the fire hose
and water. This was tried on Market
street at Tenth at midnight last night
but on account of the cold weather,
not much was accomplished. In warm-
er weather, however, this method will
be all right, and kept up will result in
clean streets, something Wheeling has
not been able to boast of lately.

Committees Organize.

Last night in the chamber of the sec-
ond branch of council, several of the
committees of council met for organiza-
tion. Clerk "Tom" O'Brien, of the first
branch, acted as master of ceremonies.
The organization was as follows:
Health—John K. List.
Petitions and remonstrances—Robert
Hazzlett.

Markets—William Nesbitt.

Ordinances—W. M. Baird.

Salaries—Burke Watson.

Water works—Robert Hazzlett.

Scales—John P. Kindeberger.

Wonder what the Register will say
about the selection of Mr. Burke Wat-
son, of the Sixth ward, a Democrat, as
chairman of the committee on salaries?

Committees to Meet.

The council committee on police has
been called to meet on Thursday even-
ing at 7:30 o'clock.

The council elections committee will
meet this evening at 7 o'clock for the
purpose of auditing bills of expenses in-
curred at the late municipal election.

Council To-a-light.

The first regular business meeting of
the new city council will be held this
evening. There is quite a list of busi-
ness ready for consideration. It is prob-
able the council will be asked to re-ap-
propriate \$900 for the gunboat "Wheel-
ing."

eases relieved in six hours by the 'NEW

ing promptness in relieving pain in the

WEAK, NERVOUS, FAINT.

A Well Known Nurse Cured by
Dr. Greene's Nervura.

One of the most skillful nurses in this country
is Mrs. Elizabeth D. Berry, of Hampton, N.
H., who says:
"Through trouble and overwork I grew
fearfully nervous, weak, dizzy, faint, and ex-
hausted from nervous prostration, and I
became entirely helpless. Thanks to Dr.
Greene's Nervura blood and nerve remedy,
I am now so well and strong that every one
who sees me is very much surprised. I would
like to tell the whole world of women what Dr.

MRS. ELIZABETH D. BERRY.

Greene's Nervura blood and nerve remedy
has done for me, and to recommend all wo-
men to use this wonderful medicine. I can
truly call it a savior of us women."

If constipated, use Dr. Greene's Cathartic
Pills with the Nervura.

Dr. Greene, 35 West 14th St., New York
City, the most successful physician in curing
nervous and chronic diseases, can be con-
sulted free, personally or by letter.

OBJECTED TO NEGROES

As Railroad Employees, and Now They
Threaten Their Italian Successors.

LITTLE ROCK, Ark., Feb. 8.—The
mountaineers in Polk county are not
satisfied with the substitution of Ital-
ian for colored labor by the con-
tractors on the Texas City, Pittsburg
& Gulf Railway, and they are pre-
paring to attempt to drive the Italians
out.

The contractors formerly employed
Negroes on the grade work, between
Horatio and Mena, but the native
mountaineers declared that no negroes
should live in the county. They banded
themselves together and ran the ne-
groes out as fast as the contractors
would bring them in. The railroad
builders finally decided to substitute
Italians, and the first consignment of
one hundred Italians arrived a few
days ago from Chicago. Another batch
is expected in a day or so. The natives
are not satisfied with the color of the
laborers and declare they will run
them out of the county also. Should
they attempt to run the Italians away
it is believed that they will be met
with resistance as the contractors are
very tired of their interference.

Insurrection of Fanatics.

NEW YORK, Feb. 8.—The Herald
correspondent at Rio Janeiro, Brazil,
telegraphs that the fanatical insurrec-
tionists under Conselheiro have now
6,000 armed men organized and concen-
trated in Bahia. The fanatics have ob-
tained steam launches and now patrol
the rivers and streams in the districts
where they are strongest. In this way
the range of the devastation committed
by them is extended and the utmost ter-
ror prevails in that region. The soci-
ety of spiritualists of Rio Janeiro has
sent a commission to Bahia to attempt
to convince the fanatics that it will be
well for them to submit to the govern-
ment in temporal matters.
